Office of the Secretary to the Govt of Mysore
Education Department,
Bangalore, 8th April 1893

From

The Secretary to the Govt of Mysore,
Education Department

To

The Chief Secretary to the Dewan
of Mysore

Sir,

With reference to Order No 1627-2 / 7265-92 dated 1/3 April 1893 I have the honour to inform you that the Chennapatna English School was raised to the High School Standard in the beginning of 1891 at the earnest request of the Municipal Commissioners and people of Chennapatna The additional establishment required for the school in 1891 and 1892 was sanctioned both by the Municipal Board and the Government In 1891 the University increased the length of the High School course from two years to three, and insisted upon candidates producing a certificate of attendance

31st March 1892, three-fourths of the cost of the school is calculated at Rs 1096. One-third of this amount or Rs 365-5-4 was the net cost which the Municipality was prepared to bear from the sanctioned budget. But as shown above it actually paid only Rs 264, because the fees amounted to more than half the total cost Similarly for the twelve months of 1892-93 three-fourths of the cost of the school is calculated at Rs 1276 in the sanctioned budget of the Municipality In other words the Municipality is prepared to pay Rs 425-5-4 towards the cost of the schod during 1892-93 From this amount some savings would have occurred at the end of the year if the additional master had not been entertained

3 I have already stated my reasons why it was necessary to appoint an additional master from the 16th of January last and why the appointment could not be deferred until the Government passed the supplementary budget I beg to enclose copies of my letters No 3665/85 and 3867/90 dated 22nd December 1892 and 9th January 1893 respectively addressed to the Deputy Commissioner of Bangalore, and of his reply Docket No 655 dated

the 20th January 1893 On the receipt of the reply the services of an additional master were engaged on Rs 35 a month and not Rs 40 as originally proposed There are now twelve boys in the Matriculation class paying a monthly fee of Rs 2 each and Government will pay from the Provincial Funds Rs 8-12-a towards the additional master's pay Thus the additional burden thrown upon the Municipality is likely to be only about Rs 3 a month.

4 I have therefore to request that the order No $\frac{1627\text{I}-2}{\text{L } 7265-92}$ may be reconsidered and the supplemental budget for the additional masters' pay may be passed It would be a pity to close the school in the very year in which it has worked up to the Matriculation Standard The financial difficulties stated in the above order are no new difficulties but the same that have existed during the last two years, when the increased expenditure

for the High School Department
was sanctioned by Government in
the Municipal Department

SIR,

In continuation of my letter no 5782/52 dated the 8th Instant I have the honour to state that it is a legitimate question to raise whether a Municipality like that of Channapatna should maintain a High School A High School however having been maintained for more than two years with the sanction of Government the formation of the highest class can hardly be withheld on financial grounds all of a sudden The effect of such procedure would be to disappoint the pupils and their parents as well as the masters who justly hoped that the full complement of classes would be provided I have therefore to request once more that the supplementary budget providing for the additional masters pay upto 30th June

next may be sanctioned as early as possible After that date if Government thinks it fit to do so it may order the High School Department or even the whole school to be transferred to Government and to be maintained from Provincial Funds with a moderate grant-in-aid from the Municipality Until such a decision is arrived at by Government, it is necessary that the school should be maintained on its present footing The additional master employed in January has not yet been paid It is necessary that he should be paid from the date of his employment without any further delay I have already explained fully the reasons for employing him in my former letter on the subject
